About Vibgyor

VIBGYOR PRINT N PACK, formerly known as **Atharva Industries,** is a reputed manufacturer of multi-layer, multi-color laminated flexible packaging materials and pouches. **Established in 2017,** the company operates from a modern, fully-equipped facility **located at MIDC, Ahmednagar-Sambhajinagar Road, Maharashtra.**

Our strategic location provides excellent connectivity to major industrial hubs such as Ahilyanagar, Chhatrapati Sambhajinagar, Pune, Mumbai, Solapur and Nashik, all within a 30-minute to 5-hour drive radius offering excellent connectivity through air, rail, and road transport networks.

We offers cater to diverse sectors by offering solutions in both roll and pouch formats using a wide variety of films including products like agriculture, food processing, health and wellness, personal care, frozen foods, and more.

Vibgyor Print N Pack is committed to meeting customer needs through high-quality, end-to-end packaging solutions. Our in-house capabilities include printing, lamination, slitting, and pouch making, all supported by advanced finishing techniques and high-resolution printing technology.

Materials are supplied either in rolls or as pouches made from PET, BOPP, CPP, co-extruded multi-layer films of LDPE, LLDPE, and HDPE blends-available in both plain and metallised forms-as well as aluminium foil.

Vibgyor Print N Pack operates with a robust production capacity to efficiently meet large-scale demands throughout the year.
